RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In response to the Office Action dated June 30, 2005, applicant provisionally elects the claims of Group I and Species A (I) (claim nos.1-20 and 22), with traverse. While the device of Group I and the method of Group II may be distinct for the reasons set forth by the Examiner, applicant believes that simultaneous examination will not present an undue burden. For example, the claims of Group I are drawn to an LCD panel and the claims of Group II are drawn to a method of making an LCD panel. The two Groups of claims include subject matters that are classified commonly in class 349.
